FLOOD SITUATION REPORT (SAMPLE TEXT)

This sample report summarises the flood situation in three districts during the first wave of the monsoon. All figures below are illustrative and invented for UI testing.

Reporting period: 1 June 2024 to 15 June 2024.

Districts covered: Dhemaji, Lakhimpur and Majuli.

Impact

Villages affected: 120 villages across the three districts reported inundation of homes and fields.

Population affected: 48,500 persons. Relief camps opened: 36.

Crop area damaged: 2,150 hectares, mainly paddy at the nursery stage.

Response

Relief distributed includes rice, dal, salt and mustard oil to all camps. Medical teams visited every camp at least twice a week.

District administrations are to submit damage assessments by 30 June 2024 to the Revenue and Disaster Management Department.
